EASY WAY TO REQUEST MASS INTENTIONS ONLINE

We now have an easy way to request and offer an
honorarium for Mass Intentions. You are able to see a
calendar of available Masses, select the desired date and
time, and make the donation for it, all at once.

For more information,
go to: www.stjosephcolumbia.org/mass-intentions-memorials

*Please note that in an effort to allow for Masses to be offered in a
more timely manner and due to the size of our parish and the
number of intentions available annually, we are having to limit
Mass intention requests to 3 per parishioner per calendar year.*

VOLUNTEERS NEEDED FOR NURSERY

Now that things are getting back to normal... we would love to offer
a Nursery, starting this fall, during the 10:30 AM Mass. It will be
open to serve young children (between 6 months and 3 years)
whose families are attending Sunday Mass at 10:30 AM.

The nursery will be operated on a first come/first serve basis –
driven by both the staff available and number and ages of the
children needing care during the Mass. The nursery will be staffed
by a combination of part time staff (paid position) and volunteers
who have completed the Safe Haven online training and received a
background screening required by the Diocese of Charleston. If
you are interested in applying to volunteer or apply for the part
time position as Nursery Coordinator, please contact Mindy
McBurney, 803.254.7646 ext. 423 or mindy@stjosephcolumbia.org.

JUST A REMINDER - THE CRY ROOM IS AVAILABLE
AT ALL MASSES.

Funds collected will become part of the Bishop's Emergency Disaster Fund and will be used to support the efforts of Catholic Charities USA and/or Catholic Relief Services.

FROM THE ORGAN BENCH – PIPE ORGANS VS. ELECTRONIC ORGANS: 2 OF 4

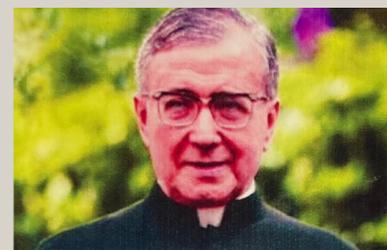

Previously it was pointed out that the St. Joseph Church architecture, building materials, windows, chapels, and adornments, cry out for the gold standard, a noteworthy pipe organ. Electronic organs have come a long way since the late 1930s when they were introduced, and since the introduction of the world's first digital computer organ in 1970, the refinement of digital samples of real sets of pipes from real pipe organs, has been remarkable. However, the fact remains that it is the electronic organ which seeks to imitate the pipe organ, not the other way around.

Electronic organs can never match the sound created by a top-tier pipe organ. Here's why... take our current electronic organ with 27 stops. If it were a pipe organ, there would be 1,416 pipes ranging in size from 16' tall to the size of a first-grader's pencil. Those pipes would be laid out in 35 rows 9-10' long in both pipe chambers (one on the left and one on the right) creating natural surround-sound. This is because organ pipes use air to make the pipes come alive. Our electronic organ uses an amplifier to force sound through rectangle speaker cabinets, each 17" wide, 33" high, and 19" deep. The sound is forced and direct rather than free, natural, surround-sound.

Stay tuned for a story next week!

LEARN

FORMED NOW: THE FEAST OF SAINT MONICA

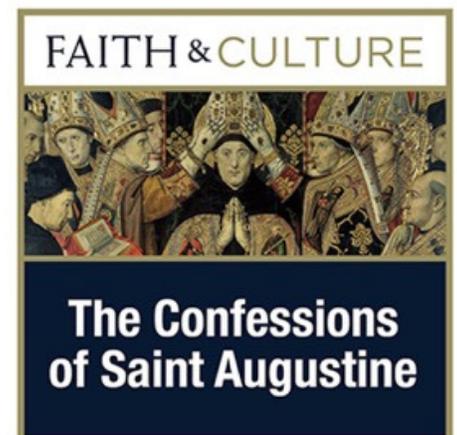

Throughout her life, St. Monica constantly prayed for the conversion of Augustine, her beloved son.

In a moment of desperation, she even asked for the bishop's help. In response, he said, "the son of those tears surely will not perish." Truly, as this bishop remarked, Monica's tearful prayers helped build her son into the Doctor of Grace. In this video, join Dr. Gray and Dr. Sehorn as they discuss more about this great Saint.

LISTEN

THE FAITH AND CULTURE PODCAST: THE CONFESSIONS OF ST. AUGUSTINE

In this episode of the Faith and Culture podcast, Joseph Pearce and Dr. John Sehorn discuss the most towering Church Father of the West, St. Augustine. Together, Pearce and Sehorn describe the purpose of Augustine's Confessions, the relatability of this Saint, and his impact on the world in his own time and culture. Finally, they discuss what we can learn from Augustine today.
