ROMAN CATHOLIC
DIocese
OF **CHARLESTON**

My dear brothers and sisters in Christ,

On the weekend of **April 25-26**, our diocese will take up a second collection for Catholic Home Missions. These missions provide valuable support to dioceses throughout the United States. "Home missions" are dioceses that are unable to support essential parish operations and diocesan ministries, often due to local economic hardship, small or widely dispersed Catholic populations, or remote locations that make travel and communication difficult.

One strong example of a home mission diocese is found in the overseas U.S. territory of American Samoa, an archipelago of seven islands situated closer to New Zealand than to the United States. In addition to its remote location, the population of 68,200 is concentrated on the main island around the capital city, Pago Pago. High unemployment combined with low incomes and reliance on imported goods means that food scarcity is an unfortunate reality.

The Diocese of Samoa - Pago Pago plays an integral role in the daily lives of Catholics and all who approach them for assistance through its education system - including two early-education Montessori schools, two elementary schools and one coeducational Catholic high school, as well as its Hope House hospice ministry for elderly residents and children with special needs. Funds received through the Catholic Home Missions Appeal provide resources that the dedicated clergy, religious sisters, catechists and lay leaders need to carry out their mission.

Your participation in the annual Catholic Home Missions Appeal also supports dioceses throughout our country, including current and former territories, that need financial help to sustain core pastoral services and missions of mercy. Please consider how you can support it this year. To learn more about the appeal and those who benefit from it, visit usccb.org/home-missions.

Thank you for strengthening the Church at home.

In Christ's love,

Most Rev. Jacques Fabre-Jeune, CS
Bishop of Charleston

Hearts and Hands of St. Joseph

Name: Jamie Vickrey

Role at St. Joseph's: Director of Communications

How long have you been part of the parish staff?
13+ years

Tell us a little about your background (family, education, previous work): I was born in Illinois and moved to Columbia at age 10 when my father became president of the University. Growing up on the Horseshoe was a unique experience - oh, the stories I could tell! I later graduated from the University of South Carolina with a degree in Advertising and Public Relations from the School of Journalism and worked for BellSouth for six years. I then spent 18 years raising my four children - Mary Katherine, Callie, Sam, and Lizzie - while managing our household; all are graduates of St. Joseph School and Cardinal Newman. During those years, I was actively involved as a volunteer at both schools, helping with PTO and coordinating events such as school auctions. In 2012, God answered my prayer for direction and blessed me with the opportunity to join the staff at St. Joseph's. In 2022, I began a new chapter, marrying Larry Vickrey, and now enjoy time with our three grandchildren, with one more on the way in July.

What's one part of your role that brings you joy? I really enjoy highlighting all the amazing things our ministries and parishioners are doing. There is so much going on, and it's fulfilling to help others see where they can get involved and feel connected.

What advice would you give to someone just joining our parish? My advice would be to read the bulletin, check out our website, and follow us on social media to stay connected. We do our best to highlight all the good things happening in our parish, and it's a great way to discover opportunities to get involved.

If you could have dinner with any saint, who would it be and what would you ask them? The Apostles - What was the moment when your faith became unshakable - not just belief, but something you knew with certainty, and what changed in you after that?

What's something people might not know about your job? I've become the 'tech helper' for many parishioners, especially when it comes to smartphones - helping make everyday technology a little less intimidating.
